SUMMARY

Mobile and Full-Stack Developer with over 2 years of hands-on experience in Flutter and a strong foundation in backend development. Skilled in delivering production-ready applications with a focus on modular code design, real-time communication, API integration, and cross-platform mobile development. Experienced in iOS and Play Store app deployment. Proficient in crafting intuitive user interfaces and building scalable and maintainable backend services. Eager to contribute to innovative and technology-driven teams.

SKILLS

- Flutter
- Dart
- Firebase
- Provider
- GetX
- Manual CI/CD
- Node.js
- Express.js
- MongoDB
- PHP
- MySQL
- Postman
- React.js
- HTML/CSS
- JavaScript
- Git
- Version Control

PROJECTS

- Flutter **Manzil Transport**
- Manzil Transport, a cross-platform driver-only ride management app in Flutter for a ride-hailing service. Admins assign ride tasks, which drivers can view, accept, and complete using integrated maps for passenger pickup and drop-off navigation
- Flutter **Hpn(Health Related Application)**
- HPN, a cross-platform health monitoring app in Flutter, integrating Bluetooth medical devices (glucometer, BP monitor, weight scale) for real-time vitals tracking. Includes WebRTC-based video calls for doctor consultations and deep linking for seamless navigation.
- Flutter **Syriac(Music Notation and Audio Player App)**
- Developed a Flutter-based musical app for event singers, allowing users to view and perform songs featured in the event, with integrated audio playback and musical notation display.
- Flutter **Van Sale (App with Large Local Data Storage)**
- Developed an offline-first Flutter application using SQLite for local storage, enabling full functionality without internet. Implemented background data sync to a remote database when a stable connection is available.
- Flutter **Educational App**
- Educational App, crafted with Flutter and Firebase, is a user-friendly app for educational features including teachers and parents communication. The app consists of chat functionalities using Firebase.

EDUCATION

- 2020 - 2023 **University Institute of Technology (UIT) Pathanapuram** College
Bachelor of Science. Computer Science
- 2018 - 2020 **Government HigherSecondary School, Punalur** Higher Secondary
- 2013 - 2018 **ST.MARY'S HSS kizhakkekara** High School
